

WHAT IS THE YOUTH LEADERSHIP PROGRAM?

A 4-part class set at a regional church near you, designed for youth! This program is meant to encourage you to be a bigger part of your church and community leadership through Bible study, proven leadership skill building, and fellowship with others from around your region. Each site is mentored by at least two adults and the curriculum is reviewed every year to include youth requested topics. Upon completion students will receive a full scholarship for a Diocesan Event during the academic year.
